

SHAHIL AHMED MF

FULL STACK DEVELOPER

JavaScript | React.js | Node.js | Express.js | HTML5 | CSS3 | Tailwind

[PORTFOLIO](#)

PROFILE

Motivated and detail-oriented developer seeking an entry-level opportunity to apply strong programming fundamentals and a deep passion for full-stack web development. Skilled in building scalable, responsive, and user-focused applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Eager to contribute to a collaborative and innovative team, enhance user experiences, and continuously learn emerging technologies to solve real-world problems effectively.

SOFT SKILLS

- Problem Solving
- Time Management
- Collaboration
- Teamwork

LANGUAGES

- English
- Hindi
- Kannada
- Urdu
- Malayalam

HOBBIES

- Playing kabaddi
- Travelling

SKILLS

Framework and Software

- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind, Redux Toolkit, Context API, GSAP
- Backend: Node.js, Express.js, REST APIs, MongoDB, Mongoose, JWT Auth
- Tools: Git, GitHub, VS Code, Vercel, Postman, Figma, Chrome DevTools
- Concepts: Responsive Design, SSR/SSG, Clean Architecture, API Integration
- Extras: Cloudinary, Multer, dotenv, AI Integration, PDF Utilities

PROJECTS

chat app(MERN stack)

- Developed a real-time chat app with instant messaging, user authentication, and secure login using JWT & bcrypt.js.
- Implemented Socket.io for live communication and MongoDB for efficient data storage.
- Created a responsive, modern UI with React, HTML, and CSS for a smooth user experience.
- Focused on clean architecture and performance optimization for fast and reliable messaging.

hospital management website (MERN Stack)

- Built a full-stack hospital management system where patients can book appointments and chat with doctors in real time.
- Implemented secure authentication using JWT and bcrypt.js for data protection.
- Developed an admin dashboard to manage users, doctors, and appointments efficiently.
- Designed a responsive and user-friendly React frontend for a seamless experience across devices.

CERTIFICATIONS & TRAINING

Full Stack Web Development (MERN Stack) — Pentagon Space

- Intensive hands-on program covering MERN Stack, API development, authentication, deployment, and system design.
- Built production-ready applications using modern frameworks and deployment strategies.

EDUCATION

BACHELOR DEGREE

RR Institution Of Management Studies

Bachelor of Computer Applications (BCA) CGPA: 8.38

2022-2025
